INSTITUTE FOR PAYER CONFIGURATION

CERTIFICATE ONLY | THREE-DAY PROGRAM

Advanced Payer Configuration Certification Program

Diagnose complexity. Design durable solutions.

Who is this course for?

- Senior configuration analysts and technical leads
- Reimbursement and claims adjudication specialists
- Complex configuration troubleshooters
- Experienced configuration QA practitioners

Learning objectives

- Analyze interacting rules across benefits, contracts, products and effective dates.
- Apply CLEAR™ through practical learning.
- Distinguish configuration defects from claim data, workflow and history issues.
- Develop remediation strategies, financial-impact reviews and regression plans.
- Apply PROVE™ through practical learning.

Included course materials

- Participant workbook and practical templates
- Applied case study, exercises and reference tools
- CLEAR™ and PROVE™ methodology guides
- Certificate of completion after meeting program requirements

Three-day agenda

DAY 1

ARCHITECTURE & CONFLICT

- Advanced configuration architecture
- Contract hierarchy and reimbursement logic
- Cross-product and effective-date conflicts
- CLEAR™: practical professional learning.

DAY 2

DIAGNOSE & REMEDIATE

- Complex claims adjudication analysis
- Root-cause investigation and evidence
- Remediation, reprocessing and risk
- PROVE™: practical professional learning.

DAY 3

DECIDE & COMPLETE

- Technical recommendation and risk review
- Advanced diagnostic capstone
- Work-product review and feedback
- Program closeout and evaluation

Advanced | The learning experience

PRACTICAL. STRUCTURED. EVIDENCE-LED.

A learning experience built for application

Learn through practical exercises, realistic payer scenarios, and knowledge checks. Vendor-neutral examples support application across payer platforms.

CLEAR™

C Confirm

L Locate

E Extract

A Analyze

R Record

PROVE™

P Pinpoint

O Observe

V Verify

E Evidence

Apply what you learn

A hospital APR-DRG contract amendment interacts with a shared pricing rule, producing cross-product payment errors. Participants isolate the defect, scope exposure and substantiate remediation.

TAKEAWAY Technical root-cause report + remediation strategy + regression evidence

Complete your program

This certificate-only offering includes the course, learning materials and a certificate of completion after meeting the program requirements. Tuition is USD $3,200 per participant. Confirm current delivery options and enrollment availability with SAVOIR.
