INSTITUTE FOR PAYER CONFIGURATION

EXAM ONLY | INDIVIDUAL ASSESSMENT

Foundational Configuration Credential Exam

Demonstrate your knowledge through a standalone credential examination.

What is this examination?

An examination-only pathway for individuals who are ready to demonstrate foundational payer configuration competency. Training and a course completion certificate are not included. The professional credential is awarded only after the applicable assessment requirements are met.

What will be covered?

- Payer operations and the relationship between policy, benefits, contracts and system behavior.
- Requirements authority, effective dates, exclusions and rule dependencies.
- CLEAR™: practical professional learning.
- Benefit and reimbursement logic and expected claims adjudication outcomes.
- PROVE™: practical professional learning.

Examination at a glance

- Existing program specification: 175 questions and a three-hour examination.
- Individual exam fee: USD $1,000.
- Confirm current eligibility, scheduling, assessment instructions and examination requirements with SAVOIR before registering.

Foundational | Preparation and assessment

PRACTICAL. STRUCTURED. EVIDENCE-LED.

Prepare around the competencies

Apply SAVOIR methods through practical learning.

Applied context for preparation

A Medicaid plan implements preventive-service coverage with an annual visit limit and a provider reimbursement amendment. Participants build the requirements, configuration design, tests and release evidence.

TAKEAWAY Practical payer configuration experience

Choose the timing that fits you

You may purchase a certificate program and its examination at different times, or purchase a Combined Pathway together for scheduling and purchasing flexibility. Certificate completion alone does not award a professional credential. Review the selected offering, current fee and examination requirements before registering.

Organizational licensing

Standalone exams are available for individual purchase only. SAVOIR does not license exam-only offerings to organizations. Organizational licenses cover certificate programs; an exam can be included only when the organization purchases a combined certificate-and-exam package.
